20.11.2020

Dear Parents,

We very much hope you enjoyed reading our November Marshfield Memo and seeing some of the wonderful activities that the children experienced during our Money week. Alongside today's parental update is our annual Christmas brochure, which outlines the festival events for 2020. We are determined to make this Christmas season as special as we possibly can.

Flu Immunisation

On Friday, 4th December children from reception to Year 6 will have the flu vaccination if you have provided written consent on your returned form.

The following video provides further information on the flu vaccination:

Vaccine preventable diseases can cause serious illness and complications. Vaccination is the best and safest way to protect the child and others from flu, which is extremely important this year to avoid a flu epidemic on top of the recent Covid 19 pandemic. The Chief Medical Officer in Wales has stressed the importance of ensuring children receive their immunisations during the Covid crisis period to avoid outbreaks of other diseases.

Please be reassured that the school nurses have worked in schools during lockdown and following re opening in July successfully complying with government guidelines and schools arrangements for social distancing. They will also be wearing PPE and comply with stringent cleaning throughout the day.

Safe Parking

We all have a duty to keep everyone safe. Please bear this in mind when using a vehicle to drop off and collect children from school. This includes being respectful when parking around the school site. Please do not park across drives, in bus stops or on corners or pavements. The school has contacted the police on several occasions to report unsafe and dangerous parking and driving. If you witness anything that concerns you at a criminal level, we would advise that you contact the local police. If you have concerns regarding hazardous parking please contact below-
